

Excellent quality oil formulated with highly refined synthetic base stocks and advance additive package to meet API SN/GF-5, JASO MA2, ACEA A5/B5. Recommended for heavy-duty, super-charged or turbo-charged diesel & gasoline engines used in passenger cars, long haul trucks, off-highway equipments, handling machineries and generating sets.

Operating under both low-speed, high-load and high-speed conditions to increase fuel economy, increase drain intervals.

Excellent thermal stability at high temperature, better fuel economy. Outstanding protection against oxidation, foaming, high temperature deposits and bore polishing. Good control of oil consumption.

Highly effective control over soot, wear, rust and corrosion. Excellent fluidity at low temperature ensures good starting. High level of detergency and dispersancy ensures a clean engine.

- Fully Synthetic
- High Thermal Stability
- Long Drain Intervals

## CHARACTERISTICS

	5W30	5W40
Sp. Gravity @ 15°C	0.855	0.858
Viscosity @ 40°C, cSt	61.50	95.00
Viscosity @ 100°C, cSt	10.50	15.00
Viscosity Index	160	166
Flash Point, COC, °C	222	232
Pour Point, °C	-36	-33
TBN, mgm KOH/gm	11.50	11.50
